Due to the huge success of the last two years, an exciting supporting program around the 24th European Bike Week will be offered once more this year with the motto **#BACHTOTHEROADS**. There will again be an extensive range of (free) tours, “The Lake Rocks” will again bring live concerts to restaurants and bars, and Villach’s old town has once more prepared a rocking ambiance for Bike Week guests.

Our Roadmap again delivers all the relevant information that will help you navigate the many **SPECIAL OFFERS**.

Have a great time and a safe stay in our region!

**PS: Don't forget! The 25th European Bike Week will take place from 5-10 September 2023.**

## THE HOSTS

# REGION VILLACH – FAAKER SEE – OSSIACHER SEE

Enjoyment and adventure combined in the heart of Carinthia. Our holiday region is a true natural paradise. Lakes, mountains, beautiful landscapes, and idyllic places await you here.

The beauty of the natural environment and the mild climate of the southern side of the Alps guarantees, especially in late summer, a diverse kind of freedom on two wheels.

Around the central hot spot of Faaker See, panoramic alpine roads and winding mountain passes make for extraordinary motorcycle tours. In between, gentle hills, shady stretches of woods, and lake roads are perfect for pleasant cruising.

Carinthia is one of the most popular holiday destinations in Austria, and there are also countless destinations in and around Villach for exciting and relaxing stops.

Food lovers, particularly, will come into their own if they get out of the saddle from time to time. The delicious cuisine and the well-known warm hospitality of the Alps-Adriatic region ultimately make such a trip thoroughly enjoyable.

This September, you will find all of this and more. Use this road map and 'experience' the full creativity of our hosts.

## CUISINE FAAKER SEE TASTIER THAN EVER

With the culinary diversity of the Alps-Adriatic region right on our doorstep, our tri-border region has always been a popular meeting point for epicures. Building on this, the region around Villach has now established itself as a region of culinary delights in the heart of Carinthia, primarily through the KÜCHENKULT and HÜTTENKULT initiatives.

In this tradition, and with more than 20 years of specific experience with **#BIHERFOOD**, local eateries have filled their dry agers and started up their smokers and wood-fired ovens for hungry **#BACHTOTHEROADS** guests.

Many establishments in the region have again this year put together very special culinary offers for September.

We would especially like to mention the Carinthian Slow Food restaurants as refreshment stops for your rides, as they put together the meals with the very highest regional quality.

## VILLACH'S OLD TOWN ROCKS BIKERS WELCOME & DRAUPULS SHOW

As in previous years, Villach's old town is giving motorcyclists a very special welcome this year.

The beloved VIP parking spots in the pedestrian zone have again been put in place, specially for **#BACHTOTHERROADS**. This way you can park your bike right where the action is.

Until late autumn, Villach's downtown is showcasing itself as Carinthia's most beautiful living room. Enlarged outdoor dining areas, extraordinary decorations, special shopping nights, the most diverse cultural program, and a spectacular water show on the Drau River provide variety.

There is an extra special water show offered again this year, dedicated to all rock fans. With spectacular lighting effects, optical highlights, and musical accompaniment, the DRAUpuls multimedia water show is mesmerizing.

A special **#BACHTOTHERROADS** program called "Rock-IT" will be performed.

Every day from 5-10 September beginning at 9:30 p.m. you can experience everything that gets your rocker heart pumping, right on the Drau River in Villach's downtown.

A trip to the center of the region thus becomes a very special experience.

As usual, Harley-Davidson and the holiday region Villach - Faaker See - Ossiacher See ensure the kind of mobility that you are used to. Shuttle buses and the S-Bahn connect Villach and Ossiacher See with Faaker See. This way it's guaranteed that your motorcycle can have a break from time to time.

The S-Bahn, the "Ossiach" shuttle, and several selected Postbus lines are free for Erlebnis CARD holders.

There is a fee for the use of all other shuttle services.

There will also be a roundabout regulation again this year, which will begin on Tuesday.
