PILGRIMAGES IN THE REGION VILLACH

The region around Villach has always been a transportation and cultural junction. Therefore, it is no surprise that four famous pilgrimages go through this region. Complete information to these pilgrimages and detailed routes can be found at www.pilgerwege-kaernten.at

JAKOBSWEG (ROAD TO SANTIAGO)

The trail starts in Graz continuing through Slovenia and eventually also through Carinthia and the region of Villach. Within Carinthia, it goes from the Andreas and Jakob church in Egg am Faaker See to the Parish Church, Sankt Jakob, in Villach. From there forth it follows along the Drau, and of course continues west to Santiago de Compostela.

MARIENPILGERWEG (HOLY MARY TRAIL)

From Lavanttal until the Lesachtal, the Marienpilgerweg directs pilgrims to culturally and historically important pilgrimage sites in Carinthia. This diverse path also passes through our beautiful region. Approaching from the Lake Wörthersee the journey continues to the famous pilgrimage church, Maria Gail. It is there that the 6th stage ends and the pilgrims rest at the river Gail in preparation for the 32.5 km long stage to Feistritz.

WEG DES BUCHES (WAY OF THE BOOK)

Those who travel on the "Way of the Book", follow the old tracks of bible smugglers and secret protestants. The evangelic pilgrim path starts at the Bavarian boarder and continues over Salzburg into the Carinthian Nockberge (Nock Mountains). The sections of the journey which takes place in our region pass through Arriach, Afritz am See, Bad Bleiberg as well as Warmbad-Villach. It ends at the Slovenian - Italian boarder in Arnoldstein/Agoritschach, near the southernmost evangelical church of Austria.

HEMMAPILGERWEG

For centuries pilgrims have been travelling to Gurk to visit the grave of Saint Hemma.

This saint, worshiped in both Carinthia and Slovenia, is even today viewed as a guide and inspiration for many people (although she lived about 1.000 years ago). Leaving from our region, route 6 goes from the Ossiach Abbey over Liebetig, Rabensdorf, and Feldkirchen to Steuerberg. The second stage begins there, continuing over Unterhof, Goggaussee and Zammelsberg until Gurk, with its wonderful cathedral and the crypt which also shelters the grave of the Saint Hemma.
